

Duplex Rabbet Plane

DRFP

Manufactured from high quality grey iron castings

Used for producing rabbeting cuts in door frames, windows, furniture & cabinet carcasses. Cuts rabbets both with & across the grain!

Plane has 2 positions for the cutter- rear position for regular rabbet work & the forward position for bull-nose work. In rear position cutter is adjustable for depth of cut

The Plane is fitted with:

Spur

Flush with the base when cutting with the grain and brought into use by turning 90° when cutting across the grain while in this position it prevents tearing & splintering of wood which could occur when cutting across the grain

Adjustable Fence

Can be fitted on either side of the plane

Depth Gauge

Removable & Adjustable upto 1/2" (12mm)

Cuts rabbets both with and across the grain

Makes rabbet cuts in wood for door frames, windows, furniture and cabinet carcasses
