

Hammer Kits Indestructible Handle

KIT-HMID

Our best selling hammers now available in an easy to store & carry - blow mould case.

Choice of kits, ideal for automotive, construction & everyday maintenance jobs

Indestructible Handle hammers feature

- a. Spring Steel Bars**
that run through the hammer handle & eliminate handle breaking due to an over-strike
- b. Steel Locking Plate**
Locks hammer head to the handle eliminating loosening or dislodging
- c. Non-slip Vulcanized Rubber handle**
Absorbs impact & vibration reducing user fatigue
